BUILT TO BE  
**UNBEATABLE**

Built to be unbeatable, stunning form meets spectacular function in this adrenaline-fuelled ride. Turn heads and wow everyone as you take on the road ahead with the Fortuner GR-S.

Engineered for those who demand more from every drive, the Fortuner GR-S fuses power and precision to deliver unmatched performance on and off the road. With its bold design, dynamic stance, and racing-inspired details, this SUV isn't just built to move—it's built to make a statement.

## BUILT TO **EXPLORE**

Get ready to conquer the roads or the hills, or wherever else your journey takes you. The adventurer inside you will be glad you chose a truly worthy companion.

■ 9" Infotainment System

■ Cruise Control

■ Dual-Zone Climate Control

## BUILT TO BE **DIFFERENT**

Experience the thrilling feel of an unstoppable adventure. The new Fortuner GR-S is carefully crafted to ensure every journey feels like a bold and exhilarating adventure.

■ Red GR Brake calipers

■ GR Smart Entry

## BUILT TO **TURN HEADS**

Set out like never before. The new Fortuner GR-S is built to accompany you on any journey. Through the hills, across the dirt, and whatever else comes your way. Create your own adventure, without limits.

Sensual surfaces, stunning contours, and breathtaking beauty, the new Fortuner GR-S is built to be the center of attention. The bold exterior helps you stand out from the crowd, while making sure you can comfortably keep up with them.

■ 18" All Black Alloy Rims

■ GR Emblem on Front & Rear Bumpers

## BUILT TO **STAND OUT**

The side profile is enhanced with new colours adorning the side mirrors, while the tyres and disc wheels are embellished with a black-tinted clear coating to provide a unique and unforgettable look. Further, the front and rear brake calipers contain a GR brand mark with its custom red paint to ensure you keep heads turning as you drive by.

The vibrant red of the GR emblem emblazons the steering wheel accompanied by an all new bezel. The steering is further enhanced with fine leather and stunning red stitching.

■ Leather Steering and GR Emblem

■ Projector Head Lamps  
Waterfall DRLs with LED Fog Lamps

## BUILT TO BE **UNSTOPPABLE**

The Fortuner GR-S is unmatched in power. Effortlessly navigate the toughest terrains with complete ease in this marvel of modern engineering. Equipped with the latest technology to provide an experience like no other, the Fortuner GR-S is a beast unleashed.

### ■ Advance Monotube Shock Absorbers

## BUILT TO **PERFORM**

Powered by the New Generation 2.8-Litre Diesel engine (1GD-FTV), the Fortuner GR-S features a refined Variable Nozzle Turbocharger and Intercooler for higher power and torque output while providing better fuel economy. The refinement has resulted in a +20 kW power output and +50 Nm torque improvement from the previous generation engine.

### **POWER-PACKED, YET COMFORTABLE**

The all-new Balance Shaft in the 1GD engine ensures that, despite the increase in power, you'll experience fewer vibrations and reduced harshness—whether accelerating or idling.

#### ■ New Generation 2.8-Litre Diesel Engine (1GD-FTV)

#### ■ Paddle Shifter

#### ■ Six Speed Sequential Gear

## BEAUTY MEETS THE **BEAST**

True beauty lies within. Plush new interior combines form with function, the new sport seat made with a combination of suede and leather lets you relax in comfort as you enjoy the stunning views around you. A shade of smoke silver metallic covers everything in sight, providing a truly unique mix of sportiness and unabashed utility.

■ Push Start with GR Emblem

■ GR Design Premium Optitron Meter

## BUILT FOR CONTROL **ENGINEERED FOR ADVENTURE**

Far from ordinary seats, the GR-Sport bucket seats are crafted to keep you securely positioned – because true performance demands a seat that moves with you, not against you. The GR-S seats contour the human body with deep seats and exaggerated sides which enclose you during high-performance off-road driving. Feel locked in, secure, and ready to dominate every terrain.

## BUILT TO CREATE ITS OWN PATH

The Fortuner GR-S has been created with adventure in mind. Perfect for both on- and off- road driving, built on a body-on-frame platform with proper 4x4 functionality, it provides a perfect mix of power with sophisticated agility. Its various off-road features enhance the driving experience, delivering unmatched control across every terrain.

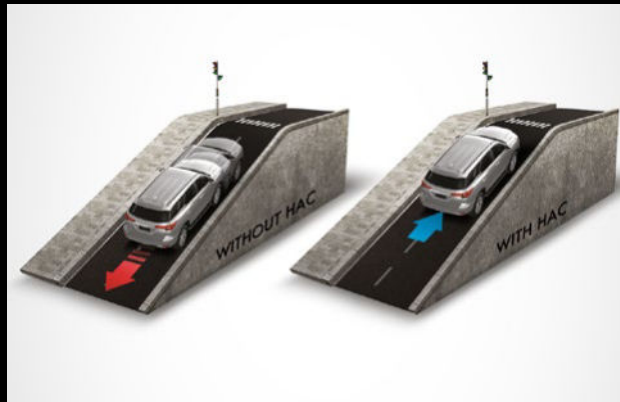

**Superior angle of approach (29 degrees) and departure (24 degrees)**  
**Superior minimum running ground clearance (279mm\*)**

### Class leading 4x4 driving features:

- Limited Slip Differential (LSD)
- Hill-Start Assist Control (HAC)

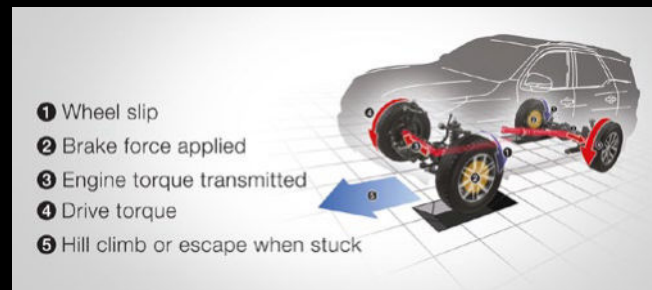

A limited slip differential (LSD) keeps the power going to a drive wheel that has traction, this ensures that you can traverse mud and other soft surfaces with ease. It also provides better control during extreme corners.

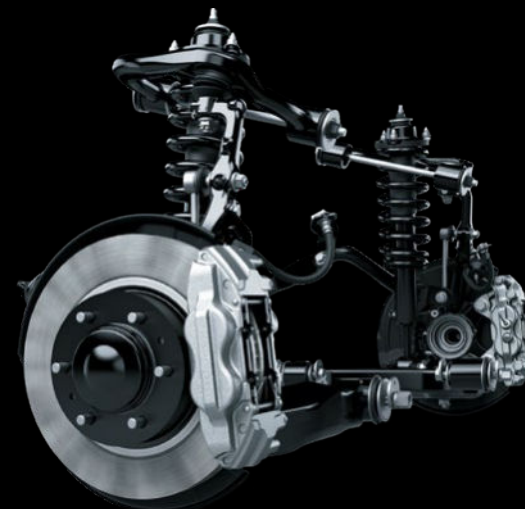

The Hill-Assist Control (HAC) feature automatically retains the pressure in the braking system, ensuring that you don't roll back unintentionally. It provides greater control and protection when dealing with sharp inclines.

### ■ Active Traction Control (A-TRC)

When off-roading or driving in slippery conditions, the Active Traction Control (A-TRC) provides assistance when wheel slippage is detected, helping you accelerate safely and efficiently in slippery conditions.

### ■ Advanced Suspension

Through the double wishbone in the front suspension and four-link suspension at the rear, the advanced suspension allows drivers complete handling prowess and a greater riding experience.

### ■ Part-Time 4WD Selector\*\*

Part-time 4WD allows the driver to turn on 4WD only when needed. On regular driving surfaces without the 4WD engaged, it works like a rear-driven 2WD vehicle, allowing for greater fuel efficiency. However, it can easily be switched to 4WD or 4WD low when sensing a slip in the wheels in the rain, sand, or mud.

### ■ Downhill Assist Control (DAC)

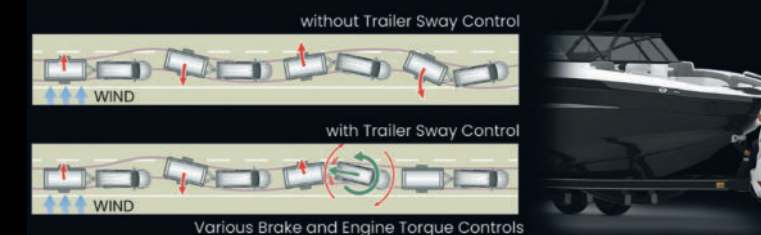

Downhill Assist Control (DAC) brakes individual wheels to maintain control and provides a safe rate of descent without any driver intervention. It prevents the wheels from locking by managing engine braking and brake pressure, ensuring a stall-free vehicle.

### ■ Rear Differential Lock\*\*

The Rear Differential Lock system, once engaged, ensures both the wheels spin at the same rate, and provides unequal torque to each tyre on the axle to reduce the risk of losing traction or spinning out. This is particularly helpful in muddy terrain to provide stronger grip and control.

### ■ Trailer Sway Control (TSC)

Trailer Sway Control (TSC) ensures that you and your trailer remain safe by minimising lateral movement from road surface changes and cross winds. Tow away with complete peace of mind.

\* ACTUAL RIDE HEIGHT MAY VARY BASED ON DRIVING CONDITION AND VEHICLE LOAD.  
\*\* PLEASE REFER TO THE OWNER'S MANUAL FOR PROPER USAGE OF 4WD FUNCTIONALITY.

# CONFIDENCE **UNCHALLENGED**

Panoramic View Monitor (PVM) 360° Confidence  
Multiple cameras create a bird's-eye view around your vehicle, making parking and tight maneuvers easier and safer.

■ Panoramic View Monitor (PVM)

■ Side-view camera

■ Rear-view camera

■ Front-view camera

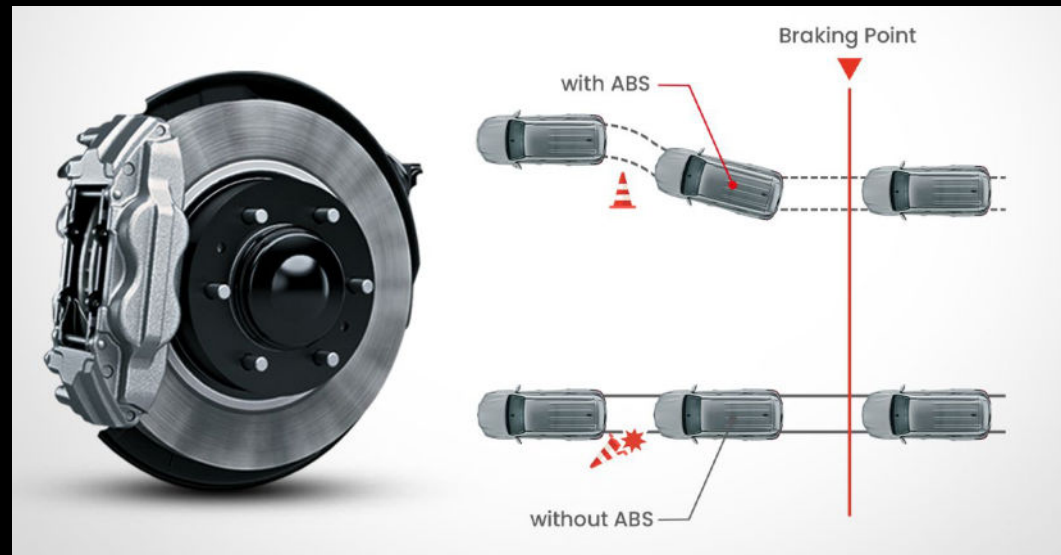

# BUILT TO **PROTECT**

## Active Safety

Every Fortuner GR-S is outfitted with cutting-edge advanced security features that include smart entry wireless door locking, speed-sensing door-locks, an independently-powered alarm, and an immobilizer to ensure your car remains yours.

### ■ ABS with BA & EBD

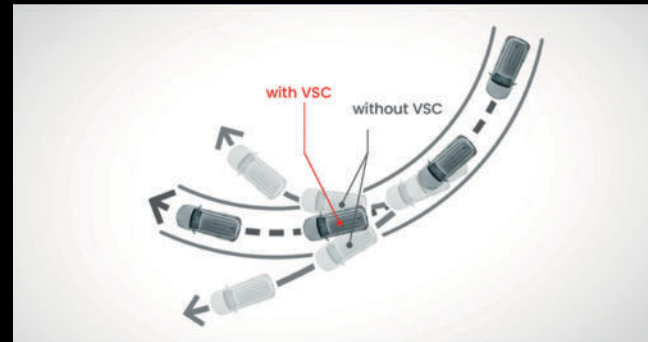

The Anti-lock braking system (ABS) allows for continued tyre rotation under extreme braking conditions.

Brake Assist (BA) applies additional braking force to reduce the braking distance.

Electronic Brake-force Distribution (EBD) helps shift weight under hard braking, reducing pressure on the wheels that carry the least amount of weight – this helps ensure you and your vehicle always stay in control.

### ■ Vehicle Stability Control (VSC)

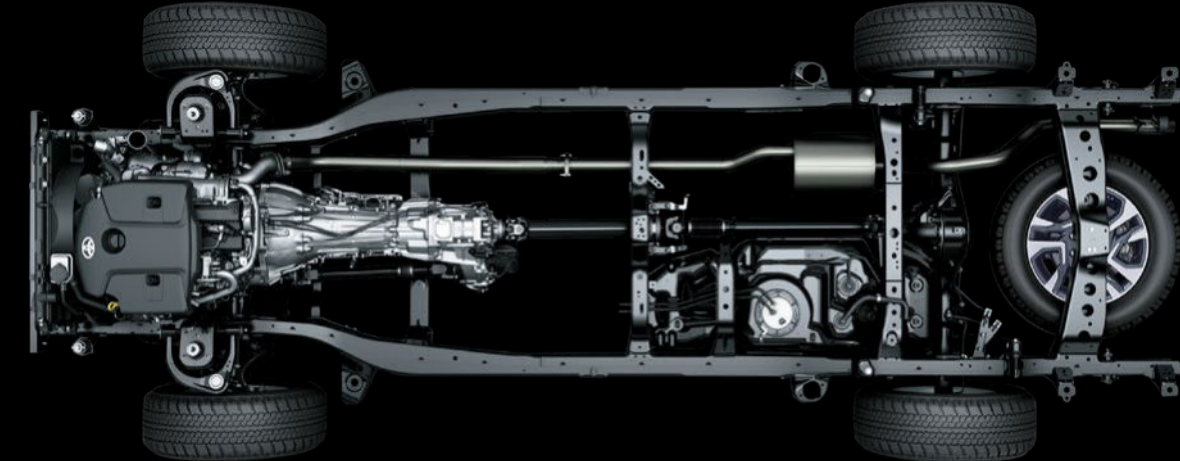

The Vehicle Stability Control prevents loss of control even on slippery surfaces by braking or providing engine power to each individual tyre, where necessary.

### ■ Drive Start Control (DSC)

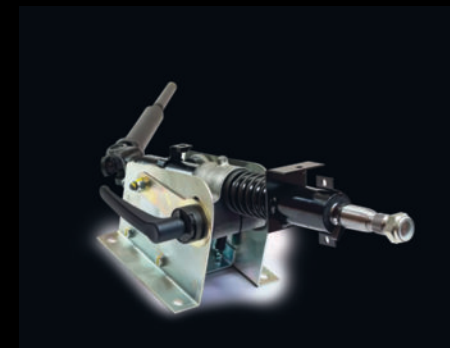

The Drive Start Control prevents acceleration when the vehicle is switched to the wrong gear, helping avoid collisions.

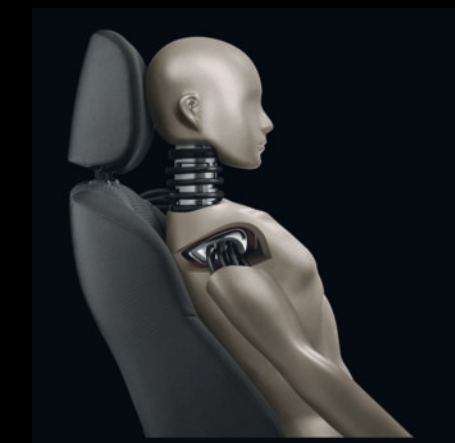

### ■ Impact-absorbing Structures

The tough and rugged frame suppresses deformation of the side rails and cross members, while the body shell helps disperse impact energy in the event of a collision.

### ■ Collapsible Steering Column

The collapsible safety steering column consists of several different components which help absorb impact energy in the event of a collision and prevent it from entering the interior of the vehicle or harming the occupants inside.

### ■ Whiplash Injury Lessening (WIL) Front Seats

Whiplash Injury Lessening (WIL) seats reduce the risk of whiplash neck injuries in lower speed rear-end collisions. They achieve this by providing support to the passenger's head and chest simultaneously.

### ■ Pedestrian Protection Structure

The Pedestrian Protection Structure provides an Impact-absorbing structure at the front section, helping to reduce impact energy directed at a pedestrian.

## UNDISPUTED **CONTROL**

### ■ Blind Spot Monitor (BSM)

Drive confidently with a built-in Blind Spot Monitor that detects vehicles approaching in the adjacent lane.

### ■ Rear Cross Traffic Alert (RCTA)

Assists the driver in detecting approaching vehicles when backing up to help them safely leave a parking spot.

#### ■ Rear ISOFIX Child Seat Fixture

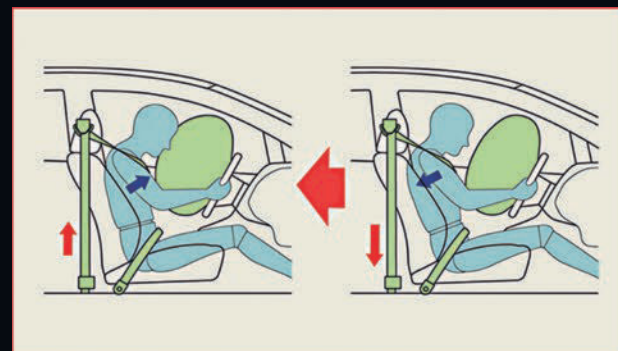

#### ■ Security Equipment

Immobilizer system with security alarm

#### ■ Seatbelts

3-Point ELR Front Seatbelts with pretensioner and force limiter  
3-Point ELR rear seatbelts  
Front seatbelt reminder

#### ■ SRS Airbags

SRS front driver and passenger airbags  
SRS driver knee airbag

Front passenger airbag should only be deactivated when using a child restraint system on the front passenger seat.

■ 040 SUPER WHITE

As pale as the winter snow and just as stunning.  
Stand out from the crowd in a bright SUPER WHITE.

■ 218 ATTITUDE BLACK

True beauty awaits you. ATTITUDE BLACK helps your GR-S awe and wow  
spectators as you drive by. Simply stunning and perfect for every landscape.
